

**Steadfast Roofing Pty Ltd**  
Commercial & Residential Roofing  
*Think Safe, Work Safe*

**ABN 67 621 946 870**

## **Working Near Asbestos Policy**

Steadfast Roofing employees are **not permitted** to remove, cut or tamper with any asbestos or asbestos products.

If it is likely that you are working near asbestos, you must report this to your site supervisor who will advise the builder and record in asbestos register.

**Workers must not handle asbestos unless they have been trained and hold a licence that is current and appropriate for the type of work being done.**

Michael Lonergan – Director
